Planning and Implementing Resource Discovery Tools in Academic Libraries	Mary Pagliero Popp	30-Jun-12	<i>"Resource discovery" has many meanings, and it is now beginning to be defined as a description for library research software that allows a library user to search multiple Web-based resources simultaneously and bring back usable search results. Planning and Implementing Resource Discovery Tools in Academic Libraries addresses the many new resource discovery tools and products in existence as well as their potential uses and applications. This timely publication will be invaluable to librarians and administrators seeking information on how to evaluate, choose, and ultimately implement a resource discover product for their library's collection.</i>	9781466618213	\$175.00	\$150.00	9781466618220	\$265.00	\$225.00
Multimedia Storage and Retrieval Innovations for Digital Library Systems	Chia-Hung Wei	30-Apr-12	<i>Offers the latest research on retrieval and storage methods for digital library systems, a burgeoning field of data sourcing. In order to stay abreast of the latest terminology, case studies, frameworks, architectures, methodologies, and research within the field of digital libraries, it is crucial to keep up with the latest literature. The information in this compendium comes from contributing authors and experts around the world, making it a one of a kind addition to any research library.</i>	9781466609006	\$175.00	\$150.00	9781466609013	\$265.00	\$225.00
Current Trends and Future Practices for Digital Literacy and Competence	Antonio Cartelli	30-Apr-12	<i>Offers a look at the latest research within digital literacy and competence, setting the bar for the digital citizen of today and tomorrow. Presented in the form of case studies, frameworks, methodologies, architectures, and research, this compendium offers a vital resource for practitioners and academics in any field looking to stay up-to-date on their digital literacy. Chapters range from technically fundamental to the layman to complex, from experts around the world in a variety of jobs and</i>	9781466609037	\$175.00	\$150.00	9781466609044	\$265.00	\$225.00

Remote Access Technologies for Library Collections: Tools for Library Users and Managers	Diane M. Fulkerson	31-Mar-12	<i>Crucial to understanding these changes and the new expectations that library users have in the 21st century. Identifying, implementing and updating new technologies, understanding copyright and fair use laws, creating metadata for access to digital collections, and meeting user needs are just some of the topics covered in this volume. Libraries have become the electronic information commons of the new information age and this reference provides a vital exploration of the future,</i>	9781466602342	\$175.00	\$150.00	9781466602359	\$265.00	\$225.00
Partnerships and Collaborations in Public Library Communities: Resources and Solutions	Karen Ellis	31-Dec-11	<i>Shows how partnerships can be cultivated through projects, programming, funding, and extending the library's presence through unique avenues. With a diverse set of contributions from state, local, educational, penal, and governmental libraries that actively pursue community involvement in a myriad of ways and through varying levels of commitment, the examples presented in this book will give librarians a better understanding of what might be possible for their unique requirements and limitations. This publication focuses on practical applications such as navigating an era of budget cuts and sparse resources to post-project analysis of programs that did not work effectively alongside success stories and ideas for the future.</i>	9781613503874	\$175.00	\$150.00	9781613503881	\$265.00	\$225.00
Library and Information Science in Developing Countries: Contemporary Issues	A. Tella	30-Nov-11	<i>Explores the relationship between global technology development and the impact of new technologies on library practice, library education, and information science. Book chapters and case studies in this work provide insight to and support for practitioners and executives concerned with the management of knowledge, information, and organizational development in different types of work environments and learning communities.</i>	9781613503355	\$175.00	\$150.00	9781613503362	\$265.00	\$225.00
E-Reference Context and Discoverability in Libraries: Issues and Concepts	Sue Polanka	30-Sep-11	<i>Consists of over 20 informative chapters by librarians, publishers, and other industry professionals that propose new ideas for reinventing reference collections and interfaces to fit the needs of today's researchers. The chapters examine the issues of reference context and discoverability in school, public, and academic libraries as well as within the reference publishing community. Librarians, publishers, and those studying library and information science are the book's primary audience, but others in the information industry, particularly those with an interest in reference, will find significant value here as well.</i>	9781613503089	\$175.00	\$150.00	9781613503096	\$265.00	\$225.00

Libraries, Telecentres, Cybercafes and Public Access to ICT: International Comparisons	Ricardo Gomez	31-Jul-11	<i>Libraries, Telecentres, Cybercafes and Public Access to ICT: International Comparisons presents groundbreaking research the new challenges and opportunities faced by public libraries, community telecentres, and cybercafés that offer public access to computers and other information and communication technologies. Written in plain language, the book presents an in-depth analysis of the spaces that serve underserved populations, bridge “digital divides,” and further social and economic development objectives, including employability. With examples and experiences from around the world, this book sheds light on a surprising and understudied facet of the digital revolution at a time when effective digital inclusion strategies are needed more than ever.</i>	9781609607715	\$195.00	\$165.00	9781609607722	\$295.00	\$250.00
E-Publishing and Digital Libraries: Legal and Organizational Issues	Ioannis Iglezakis	31-Oct-10	<i>Provides a comprehensive overview of the organizational and legal issues concerning digital libraries. It includes 24 contributions from world-renowned specialists in digital libraries. This premier reference source is a must-have for researchers and professionals in the field of ICTs and its various disciplines, including library, education, computer science and management, as well as experts in the field of law.</i>	9781609600310	\$180.00	\$155.00	9781609600334	\$255.00	\$215.00
Developing Sustainable Digital Libraries: Socio-Technical Perspectives	Tariq Ashraf	31-Mar-10	<i>Presents a compilation of articles discussing the benefits and challenges of digital information and library digitization. Scholars from around the globe investigate web application development, techniques for digital conversion, composition of digital libraries, digital environments, and much more. This reference work proves valuable to the study and enhancement of digital information systems and technologies, and in assisting practitioners in the implementation and building of such systems and applications.</i>	9781615207671	\$180.00	\$155.00	9781615207688	\$270.00	\$230.00
Recruitment, Development, and Retention of Information Professionals: Trends in Human Resources and Knowledge Management	Elisabeth Pankl	28-Feb-10	<i>Highlights issues specific to information professionals (IPs) working in an academic environment. The evolution of scholarly communications and applications of technology are forcing IPs to reevaluate the way they operate. This book offers valuable insight into the newest strategies for thinking creatively and resourcefully about the latest trends in recruitment, retention, and professional development.</i>	9781615206018	\$180.00	\$155.00	9781615206025	\$270.00	\$230.00
Handbook of Research on Digital Libraries: Design, Development, and Impact	Yin-Leng Theng	28-Feb-09	<i>The single academic reference work to provide comprehensive coverage of digital libraries. This in-depth collection provides developers and scholars with an extensive collection of research articles from the expanding field of digital libraries.</i>	9781599048796	\$265.00	\$223.00	9781599048802	\$400.00	\$340.00

Author Cocitation Analysis: Quantitative Methods for Mapping the Intellectual Structure of an Academic Discipline	Sean Eom	30-Nov-08	<i>Provides a blueprint for researchers to follow in a wide variety of investigations. This book introduces an alternative approach to conducting author cocitation analysis (ACA) without relying on commercial citation databases.</i>	9781599047386	\$165.00	\$140.00	9781599047409	\$250.00	\$210.00
Integrating Geographic Information Systems into Library Services: A Guide for Academic Libraries	John Abresch	30-Apr-08	<i>With the onslaught of emergent technology in academia, libraries are privy to many innovative techniques to recognize and classify geospatial data—above and beyond the traditional map librarianship. As librarians become more involved in the development and provision of GIS services and resources, they encounter both problems and solutions. This book integrates traditional map librarianship and contemporary issues in digital librarianship within a framework of a global embedded information infrastructure, addressing technical, legal, and institutional factors such as collection development, reference and research services, and cataloging/metadata, as well as issues in accessibility and standards.</i>	9781599047263	\$99.95	\$85.00	9781599047287	\$150.00	\$125.00
Electronic Resource Management in Libraries: Research and Practice	Holly Yu	28-Feb-08	<i>A pronounced move from print subscriptions to electronic resources in all types of libraries has fundamentally impacted the library and its users. With the influx of resources such as e-journals; e-books; index, abstract, and/or full-text databases; aggregated databases; and others, the shift to electronic resources is rapidly changing library operational and organizational procedures. This book provides comprehensive coverage of the issues, methods, theories, and challenges connected with the provision of electronic resources in libraries, with emphasis on strategic planning, operational guidelines, and practices. It primarily focuses on management practices of the life-cycle of commercially acquired electronic resources from selection and ordering to cataloging, Web presentation, user support, usage evaluation, and more.</i>	9781599048918	\$180.00	\$155.00	9781599048925	\$270.00	\$230.00

Digital Literacy: Tools and Methodologies for Information Society	Pier Cesare Rivoltella	31-Jan-08	<i>Currently in a state of cultural transition, global society is moving from a literary society to digital one, adopting widespread use of advanced technologies such as the Internet and mobile devices. Digital media has an extraordinary impact on society's formative processes, forcing a pragmatic shift in their management and organization. This book strives to define a conceptual framework for understanding social changes produced by digital media and creates a framework within which digital literacy acts as a tool to assist younger generations to interact critically with digital media and their culture, providing scholars, educators, researchers, and practitioners a technological and sociological approach to this cutting-edge topic from an educational perspective.</i>	9781599047980	\$99.95	\$85.00	9781599048000	\$150.00	\$125.00
Student Plagiarism in an Online World: Problems and Solutions	Tim Roberts	31-Dec-07	<i>Twenty years ago, plagiarism was seen as an isolated misdemeanor, restricted to a small group of students. Today it is widely recognized as a ubiquitous, systemic issue, compounded by the accessibility of content in the virtual environment. This book describes the legal and ethical issues surrounding plagiarism, the tools and techniques available to combat the spreading of this problem, and real-life situational examples to further the understanding of the scholars, practitioners, educators, and instructional designers who will find this book an invaluable resource.</i>	9781599048017	\$180.00	\$155.00	9781599048031	\$270.00	\$230.00
Design and Usability of Digital Libraries: Case Studies in the Asia Pacific	Yin-Leng Theng	31-Dec-04	<i>Showcases some of the best digital library practices from organizations in the Asia Pacific. Particular emphasis has been placed on the design, use and usability of digital libraries. Not only are digital libraries examined, but related technologies, the management of knowledge in digital libraries, and the associated usability and social issues surrounding digital libraries are all examined. Design and Usability of Digital Libraries will benefit practitioners, researchers, educators and policy makers from a variety of disciplines. In particular developers/designers of digital libraries, librarians, users and researchers will all find this collection of case studies a valuable tool to understanding digital libraries.</i>	9781591404415	\$84.95	\$75.00	9781591404439	\$130.00	\$110.00

Title	Author	PubDate	Description	Print ISBN (Hardcover)	Standard Price (USD)	James Bennett Price* (USD)	E-ISBN (Online Perpetual Access)	Standard Price (USD)	James Bennett Price* (USD)
Content and Workflow Management for Library Websites: Case Studies	Holly Yu	31-Dec-04	<i>Provides practical and applicable web content management solutions through case studies. It contains successful database-to-web applications as employed in a variety of academic libraries. The applications vary in scope and cover a range of practical how-to-do-it examples from database-driven web development, locally created web content management systems, systems for distributing content management responsibilities, dynamic content delivery, to open source tools, such as MySQL and PHP to manage the content. Issues and challenges associated with the development process are discussed. Authors will also discuss detours, sand traps, and missteps necessary to a real learning process.</i>	9781591405337	\$84.95	\$75.00	9781591405351	\$130.00	\$110.00
Building a Virtual Library	Ardis Hanson	1-Jul-02	<i>The organization, functioning, and the role of libraries in university communities continue to change dramatically. While academic research libraries continue to acquire information, organize it, make it available, and preserve it, the critical issues for their management teams in the twenty-first century are to formulate a clear mission and role for their library, particularly as libraries transition to meet the new information needs of their university constituents. This book addresses these issues by providing insight into the current changes and developments within the area of library science.</i>	9781591401063	\$79.95	\$70.00	9781591401148	\$120.00	\$100.00
World Libraries on the Information Superhighway: Preparing for the Challenges of the New Millennium	Patricia Diamond Fletcher	1-Jul-99	<i>Explores issues of Internet-based services in libraries and provides practitioners and educators with examples of libraries that have achieved success in this important emerging information area</i>	9781878289667	\$64.95	\$55.00	9781930708792	\$100.00	\$85.00
