<p>Finance & Economics</p>	 <p><i>Due February 2008</i></p>	<p>Tax Questions and Answers 2008</p> <p>Frequency: Annual Publisher: ATP ISBN: 9780864605443</p> <p>Updated annually, Tax Questions and Answers 2008 includes over 400 questions, across the breadth of topics covered in undergraduate taxation, with answers set out separately. "Tutorial Questions" do not have printed answers, allowing students the opportunity to apply their learning independently. The 2008 package includes a teachers' supplement, with model answers for use by tax teachers in tutorials and seminars.</p> <p>Used most effectively in conjunction with Fundamental Tax Legislation and your course reading materials, Tax Questions and Answers 2008 is an invaluable teaching tool for students and academics alike.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>
	 <p><i>Due March 2008</i></p>	<p>Australian Finance Law 6th edn</p> <p>Frequency: Approx every 4 years Publisher: Lawbook ISBN: 9780455223964</p> <p>Australian Finance Law is a compendium of informed, integrated commentary and valuable practical insights into finance law in Australia. It comprises 26 Chapters prepared by Partners, Consultants and Associates of Mallesons Stephen Jaques, written by leading experts in their field and dealing with the more complicated aspects of financial transactions. The text is very readable and practical and gives a very significant insight into the various subject matters.</p> <p>Many of the topics suggested in earlier editions remain even though they may have been covered in a slightly different way. A clear theme, which emerged since the publication of the first edition in 1989, is the increasing complexity of government regulation in the financial services area.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>
<p>Global Facts & Statistics</p>	 <p><i>Due March 2008</i></p>	<p>Country by Country 2008</p> <p>Frequency: Annual Publisher: Economist Intelligence Unit</p> <p>The economic outlook for 2008 for 190 countries. Clear and simple comparisons of one country with another, including key variables such as GDP growth, inflation, exchange rates and balance of payments. The report ensures clear and simple comparisons of one country with another, including key variables such as GDP growth, inflation, exchange rates and balance of payments. Macroeconomic forecasts for 2008 are supported by five-year historical data.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>

<p>Legal</p>	 <p>Due February 2008</p>	<p>Asking the Law Question 3rd edn</p> <p>Frequency: Approx every 5 years Publisher: Lawbook Co. ISBN: 9780455222912</p> <p><i>Asking the Law Question</i>, Margaret Davies provides an up to date account of traditional and contemporary legal theory. This edition retains the critical and contemporary focus of the first two editions. It has been updated to incorporate discussion of recent works and current trends in legal theory, without losing the emphasis on seeing legal theory in the context of its historical, social and political contexts. <i>Asking the Law Question</i> is an accessible, original and highly readable account of legal philosophy. The text provides succinct explanations of key ideas, as well in-depth analysis and critique. Suitable for students of jurisprudence, introductory law, feminist legal theory, and sociology of law, this book has also proved to be of considerable interest to legal scholars wishing to improve their knowledge of legal theory.</p> <p>standingorders@bennett.com.au</p>
	 <p>Due February 2008</p>	<p>Annotated Trade Practices Act 1974 – 2008 edn</p> <p>Frequency: Annual Publisher: LexisNexis Butterworths ISBN: 9780409325515</p> <p>With a currency date of 1 January 2008 this comprehensive annotated text contains all the trade practices legislation necessary for the practitioner, student and anyone requiring or providing advice in the area of trade practices law. Written by highly respected trade practices lawyer and academic, Ray Steinwall, this authoritative work provides clear, concise and expert commentary on trade practices legislation and case law including unreported judgments.</p> <p>standingorders@bennett.com.au</p>
	 <p>Due February 2008</p>	<p>Nutshell: Tax Law</p> <p>Frequency: Several per year Publisher: ATP ISBN: 9780864605481</p> <p>The essence of the law...</p> <p>Lawbook Co. Nutshells are the essential revision tool: they provide a concise outline of the principles for each of the major subject areas within undergraduate law.</p> <p>Written in clear, straight-forward language, the authors explain the principles and highlight key cases and legislative provisions for each subject.</p> <p>standingorders@bennett.com.au</p>

<p>Literature</p>	 <p><i>Due March 2008</i></p>	<p>The Bedford Shakespeare Series – The Winter’s Tale</p> <p>Frequency: 3 – 4 per year Publisher: Palgrave Macmillan ISBN: 9781403997937</p> <p>Designed to give students first hand knowledge of the cultural and historical contexts out of which Shakespeare's work emerges, the Bedford Shakespeare Series, facilitates a variety of approaches to Shakespeare.</p> <p>Each volume provides an authoritative edition of a widely taught play accompanied by an intriguing collection of thematically arranged historical and cultural documents (modernised and annotated) - such as maps, illustrations, facsimiles of quartos and the first folio, excerpts from conduct books, legal writings, statutes, popular ballads, homilies and playhouse records.</p> <p>Each volume also includes a general introduction, glosses for the play, an introduction to each thematic unit, a headnote and annotations for each document, illustrations, a bibliography, and an index.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>
	 <p><i>Due February 2008</i></p>	<p>Granta 100</p> <p>Frequency: Quarterly Publisher: Granta ISBN: 9781905881000</p> <p>Granta magazine publishes new writing—fiction, personal history, reportage and inquiring journalism—four times a year. It also publishes documentary photography. Every issue contains at least 256 pages in paperback book format; special issues, such as those on India, London and (most recently) Australia, can be up to 100 pages more.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>
<p>Sports</p>	 <p><i>Due February 2008</i></p>	<p>AFL Prospectus 2008</p> <p>Frequency: Annual Publisher: Champion Data ISBN: 9781877096259</p> <p>The new season 2008 AFL PROSPECTUS is full of vital information for coaches, players, fans and fantasy footy tipsters.</p> <p>The AFL PROSPECTUS, compiled by Champion Data, the official statisticians for the AFL is one of the most essential and sought after resources for performance statistics and insights into the game.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>

<p>Science</p>	 <p>Due February 2008</p>	<p>Adsorption of Metals by Geomedia II, Vol 7 A volume in the Developments in Earth and Environmental Sciences series</p> <p>Frequency: Approx 2 vols per year Publisher: Elsevier ISBN: 9780444532121</p> <p>This series aims to provide a forum for in-depth works on current, topical issues in the interdisciplinary area of earth and environmental sciences, that are too great in scope for individual journal articles or thematic issues.</p> <p><i>Adsorption of Metals by Geomedia II</i> serves as a needed resource for this topic which has received much attention during the past 25 years. The book provides an in-depth review of the field, followed by numerous chapters that document the current status of adsorption research for a variety of metals by geomedia ranging from individual minerals to sediments and soils. Adsorption mechanisms are detailed and precipitation is presented as a distinct sorption process. Virtually all factors affecting the extent of metal adsorption are examined, including the effects of selected anions, competition among metals, pH, metal concentration, loading, variable metal adsorption capacity, ionic strength, hydrogen exchange and stoichiometry, and solids concentration.</p> <p>standingorders@bennett.com.au</p>
	 <p>Due February 2008</p>	<p>What Can Nanotechnology Learn From Biotechnology? A volume in the Food Science and Technology series</p> <p>Frequency: Approx 2 vols per year Publisher: Elsevier ISBN: 9780123739902</p> <p><i>What Can Nanotechnology Learn From Biotechnology?</i> presents diverse perspectives on biotechnology and nanotechnologies. Avoiding extreme perspectives, unwarranted hype and absolute rejection, this book explores the diverse territory of proponents and opponents of challenging but potentially risky technologies. Contributions from recognized experts in their fields represent the perspectives of a diverse range of stakeholders. This book details the lessons to be learned from the controversy over genetically modified foods, and how those lessons can be applied to developing nanotechnologies, particularly agricultural and other food-related applications.</p> <p>standingorders@bennett.com.au</p>
<p>Medical</p>	 <p>Due February 2008</p>	<p>Adolescent Addiction A volume in the Practical Resources for the Mental Health Professional series</p> <p>Frequency: Approx 5 vols per year Publisher: Elsevier ISBN: 9780123736253</p> <p>Written by an eminent group of international experts, <i>Adolescent Addiction</i> offers the first comprehensive cutting-edge overview of all the major types of addictive problems in young people. This book includes vital information on the prevalence and co-morbidity rates, risk factors to addiction, and prevention and treatment strategies.</p> <p>standingorders@bennett.com.au</p>

<p>Travel</p>	 <p><i>Due February 2008</i></p>	<p>Europe by Eurail 2008 32nd edn</p> <p>Frequency: Annual Publisher: Globe Pequot ISBN: 9780762745449</p> <p>Europe by Eurail has been the train traveller's one-stop source for visiting Europe's cities and countries by rail for more than 30 years. This comprehensive guide provides up-to-date information on fares, schedules, and pass options, as well as detailed information on more than 90 specific rail trips. Trips start from one of 24 base cities on the Continent--including Vienna, Nice, and Milan--and contain all the details necessary to visit historic cities, romantic villages, and scenic hamlets. Packed with practical information, step-by-step directions, and advice on where to go and what to see and do, this book helps takes the puzzle out of European rail travel.</p> <p style="text-align: right;">standingorders@bennett.com.au</p>
